Remarks

In the August 4, 2006 Advisory Action, Examiner states that a full list of claims is not present and that the status of claims 1-13 is unknown. In response, Applicants hereby cancel claims 1-28 without prejudice to Applicants' rights to pursue the subject matters in a future application.

On page 2 of the August 4, 2006 Advisory Action, Examiner states that "Newly submitted claim 37 contains subject matter which would have to be searched. Additionally, claim 31 contains subject matter (hinge) which is not present in the drawings." In response, but without conceding the correctness of the Examiner's objection and to expedite the prosecution of this application, Applicants hereby cancel claim 31 without prejudice to Applicants' rights to pursue the subject matters in a future application and withdraw claim 37 from consideration. Applicants believe the amended claims to be in compliance with all statutory requirements for patentability. Accordingly, Applicants hereby respectfully request allowance of all the claims.

If a telephone interview would be of assistance in advancing the prosecution of the subject application, Applicants' undersigned attorney invites the Examiner to telephone him at the number provided below.
